"Apothecaries Sundries Manufacturing Company" (ASCO) an ISO 9001:2000 certified company was founded in year 1948 and has since been developing and marketing various Medical and Surgical equipment. With its zest to achieve latest innovations in technology and fulfilling wide variety of customer's requirement it has developed a wide range of Hospital Furniture and other medical equipment to meet broad spectrum of customer's requirements.

The Company has already secured for itself a position of reliability and prominence as makers of high quality products of international Standards.

The Company has the required infrastructure and all the testing facilities to ensure that the best quality products are provided to the customer. While most of the products are CE certified, a few are also FDA (USA) Listed. Also the company holds WHO GMP Compliance, in addition to ISO 9001 and ISO 13485 certification. The company has been recognized as One Star Export House, based on its export performance by Government of India.

Worldwide patronage: There is practically no country of the world where 'ASCO' products have not found way at one time or the other, either direct or through re-exports by our customers. At present, 'ASCO' products are being exported to over forty countries.

Meeting individual requirements: Every order, howsoever big or small is complied within accordance with individual requirement.

Twin Passion: Commitment to quality as well as holding the priceline is the twin passion with 'ASCO'

Assets: Ever growing clientele and excellent reference—both bank & trade—are our assets we feel justly proud of.

**TERMS & CONDITIONS**

- All sizes, dimensions, values, etc. in this catalogue are approximate. We reserve the right to upgrade/improve/alter the specifications of our products without notice.
- We reserve the right to supply different colour/design than those shown in the catalogue, which depends on the availability and trend of raw material at the time of supply.
- Use of all our products is restricted to professionals who are qualified and trained to use them. We are not responsible for any damages which may occur due to improper or unauthorized use. In case of malfunctioning of the product, the company's liability is limited to the maximum extent of the cost of equipment.
- It is users responsibility to keep the products and packing away from the reach of unauthorised people, children and animals and dispose them off in an environment friendly manner.
- All transactions shall be governed by jurisdiction under Delhi courts.
- You must keep proper record of your sales. This will assist product recalls (if required).
- All orders are accepted subject to existence of conditions that enable smooth compliance. No liability shall be against us or any of our representatives, if any orders, remain uncompleted with or partially complied with or delayed compliance for reasons beyond our control.

Examination / Treatment Tables

MF3600
Operation & Examination Table
(Height Adjustable)
- Size: 72” x 20” x 32”
- Tubular Frame work on 10cms castors, two with brakes
- This is a simple and versatile surgical table with facility of height adjustment by crank mechanism
- Offering a very comprehensive range of positions viz, “Straight”, Trendelenburg & Reverse Trendelenburg positions, Chair, Lithotomy positions etc.
- Supplied with Mattress, Leg stirrups, Armrest, Anesthesia Screen

MF3601
Operation & Examination Table
(fixed height)
- Size: 72” x 20” x 32”
- Tubular Frame work on 10cms castors with brakes
- This is a simple and versatile surgical table
- Offering a very comprehensive range of positions viz, “straight”, Trendelenburg & reverse Trendelenburg positions, chair, lithotomy positions etc.
- Supplied with Mattress, Leg Stirrups, Armrest, Anesthesia Screen

MF3602
Obstetric Labour Table Telescopic
(Adjustable Height)
- Approx. Dimensions: 72” L x 27” W x 24-32” H
- Tubular Frame work mounted on swiveling castors
- Stainless Steel top in three sections
- Trendelenburg positions adjustable by pneumatic gas spring system
- Hydraulic height adjustable by foot paddle from side
- Backrest section adjustable on ratchet
- Leg end section can slide under the main section
- Supplied with a pair of knee crutches
- Mild Steel Framework
- Pre treated & Epoxy powder coated

MF3603
Obstetric Labour Table Telescopic
(Fixed Height)
- Approx. Dimensions: 72” L x 27” W x 30” H
- Tubular Frame work mounted on swiveling castors
- Stainless Steel top in three sections
- Trendelenburg positions adjustable by pneumatic gas spring system
- Backrest section adjustable on ratchet
- Leg end section can slide under the main section
- Pre treated & Epoxy powder coated
- Mild Steel Framework
- Supplied with a pair of knee crutches
- On Castors, two with Brakes
MF3604
Gynaec Examination Table
(Three Sections)
- Overall Size: 180L x 60W x 46H cms
- Framework made of Stainless Steel
- Back rest section adjustable on Ratchet / Lever
- Legs fitted with PVC Stumps
- 5 cms foam cushioned top covered with rexine
- Adjustable knee crutches
- Supplied with a pair of shoulder supports

MF3605
Gynaec Examination Table
(Three Sections)
- Overall Size: 180L x 60W x 46H cms
- Framework made of Stainless Steel
- Back rest section adjustable on Ratchet / Lever
- Legs fitted with PVC Stumps
- 5 cms foam cushioned top covered with rexine with perineal cut
- Adjustable lithotomy poles with straps
- Finish: Epoxy Powder Coated

MF3606
Examination Table in 2 Parts
(2 Section Top)
- Approx. Dimensions: 180L x 60W x 80H cms
- Adjustable backrest
- Two section cushioned top
- Legs fitted on PVC Stands
- Stainless Steel Framework

MF3607
Examination Table in 2 Parts
(2 Section Top)
- Approx. Size: 180L x 60W x 80H cms
- Adjustable backrest
- Two section foam padded, upholstered top
- Pre treated & Epoxy powder coated
- Mild Steel Framework
Examination / Treatment Tables

**MF3608**
Gynaec Examination Table  
(Two Section)
- Overall Size : 180L x 60W x 80H cms  
- Framework made of rectangular / Square M.S. Tube  
- Back rest section adjustable on Ratchet / Lever  
- Legs fitted with PVC Stumps  
- 5 cms foam cushioned top covered with rexine with perineal cut  
- Adjustable lithotomy poles with straps  
- Finish : Epoxy Powder Coated

**MF3609**
Gynaec Examination Table  
(Two Section)
- Overall Size : 180L x 60W x 80H cms  
- Framework made of rectangular / Square M.S. Tube  
- Back rest section adjustable on Ratchet / Lever  
- Legs fitted with PVC Stumps  
- Adjustable lithotomy poles with straps  
- Finish : Epoxy Powder Coated

**MF3608**
Gynaec Examination Table  
(2 Section)
- Approx. Dimensions: 187L x 51W x 81H cms  
- Adjustable backrest by gas spring system  
- Two Section Foam Padded, Upholstered top  
- Three Drawers, Three Cabinets  
- Tray for B.P. Apparatus  
- Pre treated & Epoxy powder coated

**MF3611**
Delivery Bed  
(Fixed Height)
- Approx. Size –Body section -1000L x 800W x 750 H, Leg Section -900Lmm  
- Bed, Labour and Delivery made in 2 section, body section with legs mounted on rubber tips  
- Leg section swivel castors with brakes  
- Leg section can be completely recessed under the body section supports for legs holders with solid mechanism to fix leg holders at required height & width  
- Filled mattress – pad and cover mattress pad in 2 section  
- Supplied with 2 knee crutches adjustable in height & width knockdown construction  
- Epoxy powder coated finish
**MF3612**
**Obstetric Delivery Bed in 2 Parts**
(2 Section Top)
- Approx. Dimensions: 72"L x 30"W x 30"H
- Tubular frame work made in two section
- Body section with legs mounted on PVC stumps
- Leg section on swivel castors with brakes
- Two section cushioned top
- Supplied with a pair of knee crutches/Leg Stirrups
- Mild Steel Framework
- Pre treated & Epoxy powder coated

**MF3613**
**Gynaec Examination Table-Plain**
- Overall Size : 180L x 60W x 80H cms
- Framework made of rectangular / Square M.S. Tube
- Legs fitted with PVC Stumps
- 5 cms foam cushioned top covered with rexine with perineal cut
- Adjustable lithotomy poles with straps
- Finish : Epoxy Powder Coated

**MF3614**

Folding Stretcher (Canvas)
- Overall Size: 213L x 56W x 15H cms
- Aluminium framework with high quality canvas material
- Can fold lengthwise as well as widthwise

MF3709
Automatic Loading Stretcher for Ambulance Car
Salient Features
- This is made of high-strength aluminium alloy thick-wall pipes. It is supplied with foamed cushion and the adjustable back making the wounded feel comfortable. This machine is very convenient; one person is enough to send the patient (with this stretcher) to the ambulance car. The mechanical foldaway legs are controlled by the handles on the both ends of the stretcher. And the legs can be folded under the stretcher automatically when loading into the vehicle. Also the stretcher can be locked by the fixing devices when on the ambulance car. This type of stretcher is characterized by its light weight, durable, safe usage and easy for sterilization.
- Technical Features:
  - Dimensions:
  - High Position: 190x55x90cm
  - Low Position: 190x60x26cm
  - Max Angle of the back: 60º
  - Distance between the front and rear wheel: 108cm
  - Maximum Load Bearing Capacity: 159kg

MF3710
Aluminium Alloy Stair Stretcher
Salient Features
- This stair stretcher is made of high-strength aluminium alloy materials. It is an ideal facility for emergency staff to transfer patient to go up and down stair. Two stationary rear wheels enable the patients to be moved over most surfaces with minimal effort. The stretcher provides the patient safety during transport process because of its 3 pieces of restraint straps with quick-release buckle. Under the front of the stretcher, it has two flexible uplift rods. The stretcher can be folded and it saves the space in ambulance car. It characterized by its being light-weighted, small-sized, easy carried, user-safe and easy for cleaning.
- Technical Features
  - Dimensions: 62x52x90cm
  - Folding Size: 18x54x90cm
  - Maximum Load Bearing Capacity: 159kg
